9. [ ] LIAISON Called Keith Adkinson, Senate Governmental Affairs Permanent Subcommittee on Investigations staff, and gave him a reference to the Agency report on international terrorism which he can secure from the Central Reference Service. I also referred him to [ ] who heads up the Interagency Task Force on Terrorism, for possible further reports on the subject. The request was made by Adkinson during Mr. Ted Shackley's, ADDO, briefing of Senator Sam Nunn (D., Ga.) on the Agency's activities in combatting international illegal narcotics trafficking into the United States.

Adkinson called later in the day to alert us to hearings which Senator Nunn will be calling in the near future to explore with CIA, FBI and other intelligence agencies problems they are facing in carrying out their responsibilities in view of the strict guidelines which must be followed and the possible chilling effect of Congressional investigations. Adkinson asked that we think over submitting informally a number of questions that we would want the Subcommittee to ask to prompt matters that we feel should be covered. The questions would then be formally submitted by the Subcommittee to the Agency for response as a preliminary to the planned hearings which would be in executive session.

He also asked that a dry run of the briefing be given this Friday, 15 April, at 11:15 a.m. for some staff people. 12. [ ] LIAISON Called Ed Levine, Senate Select Committee on Intelligence staff, and arranged for him to meet with William Wells, DDO, [ ]

[ ] on 14 April to discuss his covert action questions. Levine requested the meeting in connection with the Committee's scheduled 18 April briefing.

13. [ ] LIAISON Tom Moore, Senate Select Committee on Intelligence staff, called to request a meeting with Agency officials on a proposed cut in the budget authorization for ADP projects. I set up the meeting with [ ] D/Compt., office for 2:00 p.m. on 14 April.

14. [ ] LIAISON Anne Karalekas, Senate Select Committee on Intelligence staff, called to inquire about the status of the answers to questions submitted to Admiral Stansfield Turner in connection with his confirmation hearing. I told her I would check and let her know.

15. [ ] LIAISON At the request of Jeff, in the office of Senator Dale Bumpers (D., Ark.), I called Mr. Ken Lucoff, ABC/TV here in town, and advised that they could write to National Technical Information Service, Port Royal Road, Springfield, Virginia 22161, for copies of the Middle East daily "newspaper" (this is evidently the equivalent of the FBIS Daily Report). He thanked me for the information.

16. [ ] LIAISON In the absence of Bill Miller, Staff Director, Senate Select Committee on Intelligence, I talked to Dan Childs, also of the Committee staff, about the Director's desire to meet with Chairman Daniel Inouye (D., Hawaii) and Vice Chairman Barry Goldwater (R., Ariz.) prior to meeting with the Committee on 18 April for a briefing on sensitive collection activities. (See Memorandum to the Director this date.)

17. [ ] LIAISON After consulting with [ ] O/P, and [ ] I called Larry Sulc, on the staff of the Subcommittee on International Organizations, House International Relations Committee, and told him that [ ] had been employed by this Agency during the period December 1969 - 1971. This was in response to Mr. Sulc's earlier inquiry.

18. [ ] LIAISON Received a call from Geraldine Murray, INR, Department of State, who asked whether Ambassador-designate Mike Mansfield had ever received a security indoctrination while he was serving as Senator. I explained to her that since we do not "clear" senators, I do not believe that he had received a security indoctrination. She appreciated this information and concluded that State Department security representatives would provide him with such a briefing.

19. [ ] LIAISON Suzanne Cavanaugh, of the Library of Congress' Congressional Research Service called to say that she had been unable to find a copy of the CIA unclassified publication, "International and Transnational Terrorism: Diagnosis and Prognosis" which I had told her several days ago was in the DOCEX system. [ ] CPS, advised that the publication was out of print but that the Library would make a Xerox copy for Cavanaugh, from its file copy. [ ] also reported that an unclassified bibliography on terrorism was available and could be sent on to Cavanaugh. I left word for Cavanaugh that we would get the two items to her within a few days.

20. [ ] BRIEFING [ ] OLC, took a call from Charles E. Horner, of Senator Daniel P. Moynihan's (D., N. Y.) office, who asked for a briefing, for himself, at the Senator's behest on Cuban attitudes and involvement in Puerto Rico, apropos its current posture of negotiation with the U.S. [ ] CPS, advised that we could arrange such a briefing. Department of Defense/Office of Legislative Affairs, reported that Horner had a top secret clearance from his time as a Senate Government Operations Permanent Subcommittee on Investigations staffer, and I asked Horner to arrange with DoD to have the clearance apply to him in Senator Moynihan's office. We set the briefing for Tuesday, 19 April 1977, at 0900 hours at Headquarters (Senator Moynihan returns later that day, and Horner would be pleased to be prepped for that). I advised [ ]

## ADDENDUM TO JOURNAL

## OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 13 April 1977

1. [ ] LIAISON Lois, in the office of Representative Stewart McKinney (R., Conn.), called asking for a description of counterintelligence and information on the funding of such activities. After determining that it was a constituent request for information on domestic counterintelligence, I suggested that she might want to call the FBI who is responsible for the most part for that activity. I also told her that much of the information on the funding was classified. This satisfied her inquiry.

2. [ ] LIAISON Eric Foreman, in the office of Senator Donald Riegle (D., Mich.), called stating that he was in charge of African affairs in the Senator's office and said the Senator asked him to get a briefing from CIA on events in South Africa. He claims to have had a clearance with Department of Commerce until 2 April when he resigned to work for Senator Riegle and that he had applied for a new clearance. He also asked if any other member of the staff who had no clearances could receive such a briefing. I told him we would of course be happy to brief the Senator personally on the matter, as he needs no clearances. As to the person on the staff without clearances, it would be impossible as the information is classified. With respect to Foreman, I told him I would check on the clearances and get back to him on whether we could provide him such a briefing.

25X1 3. [ ] LIAISON Called Guy McConnell, Senate Appropriations Committee staff, and discussed with him the letter we had received from Senator William Proxmire (D., Wis.) requesting organizational information on the Agency offices that are involved in producing economic intelligence. I told McConnell that we had been in touch with Richard Kaufman, General Counsel, Joint Economic Committee, about providing the unclassified material to the Joint Committee and the classified material through the Intelligence Operations Subcommittee, Senate Appropriations Committee, for Senator Proxmire. McConnell had no problem with this.

I also talked to him about the open budget hearing before the Senate Select Committee on Intelligence on 27 April 1977. I said I expected that the Director would take the position that he would not object to disclosure of the total intelligence budget figure if the Congress felt that it could avoid further disclosures of the breakdown of the intelligence budget.
